

Dear Dr. Miller

thank you for taking care of my health!

I appreciate the most about our treatment partnership,

- [ ] that I feel taken seriously
- [ ] that you listen to me attentively
- [ ] that you explain findings and treatments to me in an understandable way
- [ ]

In your practice, I am

- [ ] not able to book any appointments online
- [ ] only able to book appointments via . I don't like that, because
  - [ ] I don't believe this company handles my sensitive health data responsibly.
  - [ ]
- [ ]

My wishes for the future for you are,

- [ ] that you implement a secure online appointment booking system like open-reception.org
- [ ]
- [ ]

Thank you for your time and your work!

Yours Isabelle Smith
